Follow these easy steps to select your adapter kit.

1. Disconnect the existing disposer from cone or sink, for precise measurements.
2. Using one of the illustrations, select the cone or sink style that most closely resembles your current setup.
3. Carefully measure the dimensions of your unit, as shown in the illustration.
4. Find the line containing these measurements in the chart below the illustrations.
5. Select the appropriate adapter kit number. For kits to fit cone sizes or styles not shown on this chart, please contact Waste King.
